

## Our Service

Excellent service that are tailored to meet your requirements

Selling the best value for money machines in Australia is of utmost importance to LEDA. We also pride ourselves on after sales service with a readily available and comprehensive range of spare parts and maintenance and repair technicians ready to maintain and fix your machine.

Our experienced service technicians Australia wide are ready and on call to provide you with the best possible service, from break downs to general maintenance. We also provide scheduled servicing if required, to keep your operation running smoothly and avoid costly and untimely breakdowns.

Our service and maintenance departments are backed up by an extensive range of spare parts for all our models to keep you up and running. If we don't carry it in stock then it is not far away with quick delivery times.
